This healing meditative sound journey is based on the vibration of sound, symbol and rhythm of Nature. Lee Ann Dzelzkalns guides us in the seasonal changes, which impact us with specific symbolic impulse. Through harmonics of sound, brain wave entrainment, and divine alignment, experience an unfoldment of self.

Stabilize and harmonize any tentative inner walking, as equality and wisdom of self, births a synthesis of self, a greater expression of union in our divine and human nature. Retune the self, and assist Mother Earth to restore her natural vibration in the Web of Life.
